

HIKING

PupFit is a unique service that your dog will love! Each dog's experience is filled with fun, and adventure!

On the evening before your scheduled hike, typically around 6PM, we'll text you to confirm your availability for the following morning's transport.

On the morning of your hike, we'll text you as we're in route to your home. We'll arrive to pick up your pup(s), typically between 6:45-7:30am depending on where you live, and traffic).

We hike on a beautiful 3,000-acre ranch*, Tuesday through Friday, which is located far outside of the bustling city. Once we arrive at our destination, your dog(s) are allowed off leash, and they're free to run, swim, and play, with their friends!

Our customized hiking groups are comprised of moderate-highly social dogs, who have similar playstyles, and energy levels, as your dog(s).

Each group is led by experienced PupFit team members. Our team members insure that all of the dogs remain safe, and have fun!

Once we finish hiking, you are notified of our arrival time back to Houston. We'll message you, well in advance, to ensure you have enough notice of our arrival.

Once we arrive at your home, typically between 1:30-2:30pm (depending on where you live, and traffic), we'll text you so you can receive your pup(s).

If you're unable to receive your pup(s), that's ok! You don't have to be home, just give us a key, or code, to access your property, and we'll let them inside for you.

Before your dog goes home, we thoroughly rinse/towel dry them, and we also offer a shampoo option (see pricing) Although we're not groomers, we do our very best to ensure your pup is squeaky clean!

* Unsafe conditions such as: extreme cold, extreme heat, lightning, heavy rain, and flooding ,may prevent our hiking.
Ask about our rainy day PupFit pool option!!
