

SCHEDULING/PAYMENT

At PupFit, scheduling your hikes is a breeze!

Simply login to our client portal [HERE](#) and select the day(s) you'd like your pup to hike. Please make sure to choose your transportation preferences, before scheduling your booking.

PupFit hikes are scheduled in advance. All client services are booked by the Friday **before** they're scheduled to hike. Clients may reserve their preferred hiking day(s) weeks, or months, in advance.

In addition, our advanced booking system helps us plan our transportation routes, and hiking groups, for the following week.

We do not accept "last minute" hiking requests.

"Last minute" bookings are not a good idea. IE: A senior dog could be made to hike with young, boisterous dogs, or a puppy could be made to hike with senior dogs. Neither scenario is much fun for the "last minute" dog. At PupFit, we do our best to make sure all of our clients have "the best day of their lives!"

Payment of your service is due the Monday following your completed Adventure Hike. You will receive an invoice, via email, which you can pay manually, or automatic payments can be set up via our client portal.
