

PUPFIT EVALUATION

Thank you for your interest in PupFit! Please complete our **Contract, Registration, and Terms of Service** forms, and email them to info@ipupfit.com (the forms are located at the bottom of the PRICING page).

Once we've reviewed your information, we will contact you to schedule an Evaluation.

PupFit Evaluations (\$50) are scheduled on Saturday between 8:30am-12:30pm. We do our best to be thorough, yet expedient, and generally spend about an hour with your dog.

The first half of the Evaluation is a brief (15-20 minute) Temperament Test, conducted at our location. Our test helps determine your dog's social skills, and demeanor. (During the test, if we discover that your dog is skittish, fearful, aggressive, or antisocial, then they may not be a good candidate for PupFit.)

The second half is a short outing (30-40 minute) with our PupFit Evaluation dog, Xena. Our outing is typically just long enough to determine your dog's play-style, and off leash obedience abilities. This information helps us to know where to place your dog in our regularly scheduled groups.

If your pup does well during their Evaluation, then you're ready to schedule their Hike!
